

wreck and cave

price list

Pricing policy

Wreck and Cave believe gear should work straight out of the box. Therefore, all the kit we sell comes complete with all the batteries, bolt snaps and bungee that you will need to use your equipment in the water.

Prices include free postage to any UK address (except scooters, I'll arrange to meet you and give you those in person). For delivery outside the UK please get in touch and I will sort something out.

You probably won't find any of these items cheaper by shopping around... but I promise that no-one else will throw in the service that we do!!
